

## MARYLAND GOVERNOR'S GRANTS OFFICE TEMPLATES FROM JUNE 27 TRAINING

---

### **Policies, Procedures, De Minimis Rate Certification**

---

A policy is broadly stated guidance or guiding principles, developed by the organization's leadership team. Procedures, on the other hand, are step-by-step instructions for an associated policy. Procedures define who performs the necessary steps, what steps are performed, and any approvals. Procedures define the "how." The uniform guidance and an organization's system of internal control require written policies and procedures. Written policies and procedures help provide reasonable assurance, as well as guidance, about proper stewardship of funds. A template for a policy and a template for a procedure are attached.

For eligible entities (those that never had a negotiated indirect cost rate previously), the *de minimis* indirect cost rate of 10 percent is allowable under the uniform guidance for federal grants and cooperative agreements effective December 26, 2014, and under Maryland state law, effective October 1, 2018 for state grants, cooperative agreements, and contracts. Because no indirect cost rate proposal is required the *de minimis* rate, grantees would benefit from having a template or certification that demonstrates their understanding of indirect costs and how the *de minimis* rate would be applied. A template for a *de minimis* rate certification is attached.

MTDC excludes equipment, capital expenditures, patient care costs, rental costs, tuition, scholarships and fellowships, participant support costs, and the portion of subawards over \$25,000. Other items may be excluded with the approval of the cognizant agency.
2. Costs must be consistently charged as either indirect or direct, but may not be double-charged, inconsistently charged, or both.
3. Audits may be performed to ensure compliance.
4. [Name of Organization] 's Schedule of Expenditures of Federal Awards (SEFA) will note that it elected to use the *de minimis* rate (2 CFR 200.510(b)(6)).
